

My Turn

Nines

(Zino Records)

(Karlos got that juice)

I'm in that new plate, this ain't an old Porsche
Ex-drug dealer, now I spend my days on the golf course
The feds hope I breach
When I come off license, I'm on a table with the traffickers on Ocean Beach
Can't race my new whip, you ain't catchin' me
All the stones in my watch collection a factory
They're still wearin' forty-one mills
I was twenty-one, I bought everyone grills
Grindin' overseas, you could catch me on a Zoom
I could trap from space if there was reception on the moon, uh
Last night we had a great time
These niggas could never fuck my chick 'cause she ain't mine
If I get nicked, I ain't gettin' no bail
I got old as the first time I met was in jail, uh
I turned eighteen like the strip's mine
I ain't hangin' in the sky when I bill a zip line
It's Nines

Don't be mad, now it's my turn
Every dog has their day, now it's my turn
I studied all the greats, now it's my turn
If you follow in my footsteps, you might learn

The industry's flooded with actors like I'm up in the BAFTAs
Niggas hustlin' backwards, they ain't plugs, they adapters, uh (Plugs, they adapters)
In the churches, I'm the bad pope
I had bricks of them white birds, they weren't Dove soap (No)
Where I'm from, niggas kill for clout
Still can't believe that I made it out (Made it out)
Now, bitch, I'm a star
Used to roll with a portable stove, man were whippin' a car (Whippin' a car)
My nigga got the old Xbox
In his cell, by the time he's home, I could grow dreadlocks, uh
Niggas broke my heart, I'll never trust again
Robbed all the plugs, wonder why no one fucks with them
I don't need to spray clips, I make hits
One phone call, you'll disappear like The Matrix, uh
A nina was my first toy
Got a bitch in every city like Nurse Joy
It's Nines

Don't be mad, now it's my turn
Every dog has their day, now it's my turn
I studied all the greats, now it's my turn
If you follow in my footsteps, you might learn
