

Never Be Me

Nines

(Karlos got that juice)

I ain't trapping, this a new nina
Now I got a chef and a pool cleaner
Had to tell them sneakerheads, "Pipe down"
Walk in my room, it's like Nike Town
Them guys on the block, they just envy
Got their eyes on my tops like it's Fendi
I came a long way from weighing D's
I'm Blade Brown when it came to keys
Black the Ripper when it came to trees
Alhamdulilah, I'm making P's
Thought you couldn't go jail for a four in drawers
'Til the judge was screaming numbers like Storage Wars
Nina on me, ain't no creepin' on me
Made bitches wake up, they was sleeping on me
Quarter milli' what this watch cost
Last year, I was on the wing doing pot wash

Seen these rappers sign their life away for a watch and a ****,
that could never be me
I seen niggas out here letting violations slide, just know that
could never be me
Some niggas spend their whole day entertaining bitches, just kn
ow that could never be me
Uh, ask these rappers for a feature, just know that could never
be me

Yo, shit was all sold before I had a chance to dry it
If I turn this line off, I'll probably start a riot
If you ain't a seven-figure nigga, keep it quiet
Didn't used to let me in the club, now I can buy it
Rappin'-ass nigga, that could never be me
I was treading on kis, yeah, that's treble and B
Know their boyfriends all fed up with me
In '23, a quarter M is feeling like seventy G's
And I know they wish I slipped up and caught a few slugs
But just left Rollie, I bought a new Sub
Yeah, yeah, bitch, we paid, come like 42 Dugg
Blade and Nines in the room, that's like forty-two plugs
Lifestyle courtesy of fiends blowing base
Never went on Channel U, I wasn't showing face
Life litty, run the city, spray a ho with Ace
Never capping like I writ it all in lower case
