Remember when them days were mad slow (Now I'm on)
Now I come through racin' in the Lambo (Like Bugzy Malone)

Still make it snow in the pot, still have it growin' a crop
How could the industry know what I got? (How?)
When I'm still out here gettin' dough on the block
Heard the other side chattin' shit, like we ain't light up the strip
Me and my guys don't slip, on the drive for trips
I ain't giving Tekashi a lift cah I got six-nines in the whip

Uh, follow the drip, nigga, follow the drip
Uh, follow the drip, nigga, follow the drip
Don't wear them bootcuts fam, they swallow your kicks
Just do it like me nigga, follow the drip

I'm still the plug nigga, I'm still the plug
I throw them bricks, link them later to pick up a draw (Score)
I stepped in shit, left my Louis V kicks on the floor
I'm in the crib, all these flavours get shipped to my door
Found this pack, came from Cali like Mr Shakur
