

Tap Dat

Nines

I be hearing bare gyals sayin I be dissin gyal and shit
3 in a hole it don't apply to you innit?
Calm calm calm

Tell em don't leave the block until my weed's done
Don't flip my Ps, bring it back like a refund
Ever since we cut out the middle man
Princess cuts like a sliced Kate Middleton
I can't stop grindin cah I need profit
4 5th make you blast of, Team Rocket
It's that Nina wid da Nina shit
Pull out and bust like I ain't tryna breed a chick
My biggest fear is being a broke nigga
Them OGs fell of like an old sticker
It don't even matter if the package came out half short
Stamped on the yay like that back of my passport
How these niggas stars and they don't make stacks
I'm in an old car fuck a Maybach
Any stars say my name then it's payback
Shootin at the stars like I'm tryna turn space black

I wear it once then it's old garms
I got 20 carats glistenin on both arms
I bring her home with me if she has back
And make her run water when I tap dat
When I tap dat, when I tap dat
I make her run like water when I tap dat
I bring her home with me if she has back
And make her run like water when I tap dat

I hate it when chicks tell me link them on their period
I'm out the door quicker than last period
Now she say I'm hot just like Mighty Moe
I'm basically flying birds, I ain't got no time for hoes
But she still be on me cuh I'm makin loop
I'm fly like I'm skydivin in a tailor suit
My shooter will hit any nigga walkin
I just give the signal like I'm sittin in an auction
8 in the mornin niggas ringin for a portion
Got a thousand Nike's now I'm billin out the Jordans
Doubl barrel shotgun
Nah, I ain't a jackster
Make a nigga disappear, abracadabra
Now they buggin me to make a track
My jewels shine in the dark
Add some light, see my chain react
She saw me at the bar buyin an Ace
Now she's in my yard lookin like she's tying a lace

I wear it once then it's old garms
I got 20 carats glistenin on both arms
I bring her home with me if she has back
And make her run water when I tap dat
When I tap dat, when I tap dat
I make her run like water when I tap dat
I bring her home with me if she has back
And make her run like water when I tap dat

Flyest trapper
Tryna make a 100 racks
As some of these niggas thinkin 'bout Ayia Napa
Yea these niggas look fly but they ain't got savings
Birds all lookin like the sky when it stops rainin
They don't clap heat
Them niggas athletes
I had the other side lookin like a track meet
Bare AJ's in my wardrobe
I don't mean mood swings when I make a hormone
I don't need to get signed, I'm my own boss
And I still be on my grind when my phone's off
The young bucks don't wanna listen
Standin in my mirror lookin at my competition
Lighting in sense when I'm rappin out
Cuh I saw that shit that Wiz Khalifa rap about
If I let this A off
You would think that I was Robin Nokia's again the way I take a niggas face
off

I wear it once then it's old garms
I got 20 carats glistenin on both arms
I bring her home with me if she has back
And make her run water when I tap dat
When I tap dat, when I tap dat
I make her run like water when I tap dat
I bring her home with me if she has back
And make her run like water when I tap dat

I wear it once then it's old garms
I got 20 carats glistenin on both arms
I bring her home with me if she has back
And make her run water when I tap dat
When I tap dat, when I tap dat
I make her run like water when I tap dat
I bring her home with me if she has back
And make her run like water when I tap dat
