

Hopped out, hopped out the spaceship
Trapstar lifestyle, looking like I made it
Stepped out saucey, it's like that's my day shift
Opps stop gassing on the net, until they get a facelift

Hopped out, hopped out the spaceship

Stepped out saucey, it's like that's my day shift

I've been hustling all winter
'Xploiting this fame, getting customers off Insta'
Busy cashing money, niggas say I act Holly'
Always got my strap, I ain't got a scratch on me
Used to have no swag, I dressed bummy
Starting goin' through them bricks like crash test dummies
Put some more P in the painting, behind the safe
Rapstar shit, pull up to probation in a Wraith
Ice city boys, I'm the man in charge
If we were in the North Pole we'll be camouflaged
Always keep my gun close
My phone won't stop ringing, got 100 Shots like Young Dolph
Selling pebbles on the block
Still, got to check the PH levels on the crop
Had to put rappers on, I hear them quoting prices
Hope my Ex knows she'll never meet no one like this

Hopped out, hopped out the spaceship
Trapstar lifestyle, looking like I made it
Stepped out saucey, it's like that's my day shift
Opps stop gassing on the net, until they get a facelift

When you see me fall off better hold your breath
So much loud in the base, fam, I'm going deaf
I got sides, started trapping in Counc
Why I made off my album, I get off packs in a month
Hopped out the spaceship
Feeling like the sauce
How you put the Rolls Royce ceiling in the Porsche
Still jam on the block, tell my young'n roll a zoot
When it comes to flying birds, I want a golden boot
I got 50 Keys in the trap
Bitch, I'm rich off of weed not off rap
Can't be my friend if you're cool with them pricks
Revolver in your face, call it Views from the 6
My nigga got nicked with my bricks, now he's in jail
Fucked up, but I was more pissed about the L
I can tell they pussy, hopped out the whip
Burner on me, smelling like Girl Scout Cookies

Hopped out, hopped out the spaceship
Trapstar lifestyle, looking like I made it
Stepped out saucey, it's like that's my day shift
Opps stop gassing on the net, until they get a facelift
