

What's Beef

Nines

(R14)

Yo, what's beef?

Beef is where you can't step nowhere without your gun

Beef is when you go to his mums, nowhere to run

Beef is when I see one, you don't wanna see this IC1

One more time, what's beef?

Beef is when you got to move your fam, shit is peak

Beef is what'll make 'em speak to the port, man are weak

Beef is when I see one, you don't wanna see this IC1

Beef is when you thought about the burdens, still creep

Gotta burn your clothes and sneaks in the heat

Beef ain't for the internet, beef is for the street

Beef'll have you livin' like Sully by the beach

Ain't nobody tryna hear you talkin' 'bout, "It's played out"

You gotta stay to the ends, see how this plays out

Where's your block? Where's your family? Where's your mates now?

Where's the one that said he had you with that fake smile?

I got snipers on the roof like King Charlie

Used to sling Charlie and sell dope to your bitch aunty

Oh, you think I came to party? It ain't that party

I did a one-man step, fuck it, kamikaze

Uh, what's beef?

Beef's when Kevin can't walk in the streets

... got a tuck in a bust down piece

B-Beef's when this shit's on sight, like, fuck peace

Show-show up to your concert, a hundred niggas deep

B-Beef's when niggas violate, you can't sleep

Outside their mums house in the bushes with the heat

Beef's when I see an IC3, see your pussy dead on ITV

Let's go

Let's go

He was in the circle before I clapped him

Told-Told him I was gonna murk him, they thought I was cappin'

I'm rich, and they poor, so they hatin' (Uh)

On the floor, I leave these bitch niggas shakin'

I-I remember, I was searchin', I was fiendin' (Let's go)

Hopped out with that burner, heard them screamin'

I'm always on the other side, push bike

Kevin don't even know what my hood looks like (Pussies)

If I die, Jazzy's makin' sure they comin' with me (Free Jazzy)

Free my nigga Keyz, that's my fuckin' killy (Free Keyz)

Ca-Can't fuck with me, if you fuck with killy

And way before this rap shit, I touched a milli'

Wh-Wh-Where I'm from, they be tapped

Run up on my shows, might as well strap a bomb to your back

Fans chattin' shit, but they don't know the half of it

Ice City boy, but the CSB part of it

Zino Records, hahahahaha

Beef ain't for the internet, beef is for the street

Beef'll have you livin' like Sully by the beach

You know never even seen the sea before?

Yeah, it's not really that much of a big deal
Obviously I seen it on TV and that, but, never been on a beach before
What, not even on holiday?
Never been on holiday before
I never left the fuckin' country, ah-ha
Thirty-five years old, I never left the country, imagine that
