

## 50 Niggaz

Nipsey Hussle

Fifty young niggas selling crack for a living  
Tryna buy a benz & a flat television  
Single income & he tired of the feeling  
Mama, I'm a man, got 2 show her that he meant it  
It's a cold ass world, got 2 show em that he get it  
Watch a good little boy turn into a cold nigga  
He ready 2 die just 2 show em that he wid it  
So he put it on his mind, got 2 get it how you live it  
One shot got life, zimmerman got acquitted

Talking bout a carjacking, we talking bout a killing  
Wonder why we never have faith in the system  
Look at young niggas like a waste of existence  
And when we do make it, look at how they try 2 twist it  
Become the world champ, & then y'all enlist us  
Get rich off of rap, y'all search us for pistols  
It's like it ain't no respect till we burn up the buildings

Could you just accept if we murdered your children?  
Would you just accept if we murdered your children?  
Would you just accept if we murdered your children?  
Would you just accept if we murdered your children?
