

# Grinding All My Life

Nipsey Hussle

All my life, been grindin' all my life  
Sacrificed, hustled, paid the price  
Want a slice, got to roll the dice  
That's why, all my life, I been grindin' all my life, look  
All my life, been grindin' all my life (Yup)  
Sacrificed, hustled, paid the price (Whoa)  
Want a slice, got to roll the dice  
That's why, all my life, I been grindin' all my life, look

I'm married to this game, that's who I made my wife  
Said I'll die alone, I told that bitch she prolly right  
One thing that's for sure, not a stranger to this life  
Got a safe that's full of Franklins, and a shoulder full of stripes (Ah)  
Don't know a nigga like myself  
I say self-made, meanin' I designed myself  
County jail fades, you could pull my file yourself  
Spot raid, swallow rocks, I'm gettin' high myself  
Look, and damn right, I like the life I built  
I'm from Westside, 60, shit, I might got killed  
Standin' so tall, they think I might got stilts  
Legendary baller like Mike, like Wilt  
'96 Impala, thug life on wheels  
Up against the walls, squabble at Fox Hills  
Like a motherf\*ckin' boss, ask me how I feel  
Successful street nigga touchin' them first mills (Whoa)

All my life, been grindin' all my life  
Sacrificed, hustled, paid the price  
Want a slice, got to roll the dice  
That's why, all my life, I been grindin' all my life, look  
All my life, been grindin' all my life (Yup)

Sacrificed, hustled, paid the price (Whoa)  
Want a slice, got to roll the dice  
That's why, all my life, I been grindin' all my life, look

I got everythin' I said I was gon' get on my kid  
In addition to that fact, I went legit, I'm the shit  
Now accordin' to the way that I'm positioned in this biz  
It look like I'm just gon' keep on gettin' rich (Ah)  
Know them Westside RSC's is us  
LAPD on my dick, I'ma squeeze and bust  
If a rap nigga diss, Swiss cheese his bus  
All this rap money, nigga, look, I need too much  
Money, loyalty and love in the dream we trust  
You be switchin' up the players on your team too much  
Tiny Cobby, that's my loc, Young Supreme, what's up?  
And we travel 'round the world gettin' cream and what  
Ain't you get off on whoever Hussle seem to rush?  
Las Vegas, strip pop, yeah, you creamed them punks  
After all that lookin' tough, all he seen was stumps  
50 Cent and Mayweather fled the scene with us  
True story

All my life, been grindin' all my life  
Sacrificed, hustled, paid the price  
Want a slice, got to roll the dice

That's why, all my life, I been grindin' all my life, look  
All my life, been grindin' all my life (Yup)  
Sacrificed, hustled, paid the price (Whoa)  
Want a slice, got to roll the dice  
That's why, all my life, I been grindin' all my life, look
