Fly fly  
The best position of my life  
My future looking bright  
Them Gucci's on my face but I'm not blinded by the light  
I'm out here in grind mode  
I'm out here in grind mode

The best position in my life  
My future looking bright  
Them Louis on my face but I'm not blinded by the light  
I'm out here in grind mode

Yeah, ain't had no pot to piss in  
Now I'm on yachts with bitches  
My flow is not the sickest  
You niggas common senseless  
We at the round table politicing  
Like F.A.B we R.I.P our competition  
No opposition, just a flock of bitches  
The roof crack, the trunk open they saw my vision  
Bright lights had our eyes itching  
She not tripping she just want to take flight with ya

Clear off my runway  
I'm bout to catch flight  
Clouds on my freeway  
I'm a coast my kite

So tell em that I came for the game (fly fly fly)  
And I took it (fly fly fly)  
It's weather in the sky  
For one it never shook me (fly fly fly)  
The captain of my plane so I gotta dip it  
How could you see my eyes tell me if you see my vision  
All my niggas doing life, my brother's in the grave  
I feel like it's my duty my nigga to spread my wings  
And all I do is fly and fly away  
One day I hope you gon all, fly away

The best position of my life  
My future looking bright  
Them Gucci's on my face but I'm not blinded by the light  
I'm out here in grind mode  
I'm out here in grind mode
