

# I Could Never Lose-Intro

Nipsey Hussle

Pride of Milan  
Back to the mall  
Everything I got, I'm gonna give it all  
Only one shot, so I'm goin' hard  
Everything I got, I'm gonna give it all

Cause I can never I lose  
I can I can never lose  
I can never lose  
I can I can never lose  
I can never lose  
I can I can never lose  
I can never lose  
I can I can never lose

Nah, nah  
So if you want it then you gon' have it  
If you believe it then it's gonna happen  
And if you take it you don't gotta ask it  
Just if you do it, be the best at it (At it)  
Just if you do it, be the best at it (At it)  
Just if you do it, be the best at it (At it)  
Just if you do it, be the best at it (At it)

She's been around and round the world  
She ain't found nobody like me  
Cause it ain't on me it's inside me  
She's been around and round the world  
She ain't found nobody like me  
Cause it ain't on me it's inside me

What's the difference between me and you?  
See me, I got to win so I could never lose  
What's the difference between me and you?  
I'm number one, one, one, one, one  
What's the difference between me and you?  
See me, I got to win so I could never lose  
What's the difference between me and you?  
I'm number one, one, one, one, one
