

# No Nigga Like Me

Nipsey Hussle

I dropped seven tapes and it was all the truth  
Live my life just like a baller do  
Meet a gang of girls and they all be cute  
You can fall for me I can't fall for you  
I'm in a CL-6 that's the baller coupe  
You fuck for cash you a prostitute  
Go to school then girl I salute  
And make a hunned mill what I'm bout to do  
To knock my hustle ain't possible  
Me kill you that's optional  
Slauson ave I've made lots of moves  
Cause I'm a African that think like a Jew  
I be doing me, watching you is my example of what not to do  
My shoe strings stay Dodger blue  
I had a hoop dream but then I caught the flu  
Cause the routine is still [?]  
And you know I'm a do what I got to do  
Picked up the sack, dropped the school  
Went hard to the paint, bought some jewels  
Switch up my thinking to the proper view  
Hopped in this rap, paid all my dues  
I was something like an Impala fool  
I'm so LA, like a barbecue  
These niggas talk a lot, but they wallets mute  
I shop a lot, you know cars and shoes  
When I hit the block I still rock my jewel  
But I ain't one of these niggas that got a lot to prove, nah  
I got a lot to do  
I wake up nigga to an awesome view  
Way these labels tryna deal with rappers got me fuckin' mad like I'm watchin  
' roots!

Kunta, no no nigga like me

I don't know no nigga like me  
I don't know no nigga like me

Yeah, haters call now they callin' harder  
Truth flies same day departure  
Played the bench until I made the starter  
Used to play the ball but now I'm ballin' harder  
Street nigga can't stay legit  
Next check I get I might cop a brick  
Keep a tool handy, getcha fixed  
Asshole for life its kind of hard to switch  
Follow follow my lead, I'm in front of the line  
If I don't get it today, then I'm a get it with time  
If I don't get it with rap, then I'm a get it with crime  
Runnin' in yo crib tryna hit her wit nine  
Two door coupe, might cop that twice  
Outside was mean, inside was nice  
In the hood I'm rollin' I ain't talkin' dice  
Fully loaded choppa can't block ya life  
What I'm worth you can't hop the price nigga  
My advice don't end up hurt nigga  
Play with me I bet shit get real

I'm 10 deep with goons and they about that murk nigga  
I don't fuck with fuck niggas I'm nothin' like em  
Yeah the truth a trip nigga you wouldn't like em
