Been A Son

She should've stayed away from friends She should've had more time to spend She should've died when she was born She should've worn the crown of thorns

She should have been a son She should have been a son She should have been a son She should have been a son

She should've stood out in a crowd She should've made her mother proud She should've fallen on her stance She should've had another chance

She should have been a son She should have been a son She should have been a son She should have been a son

Been a son She should have been a son She should have been a son She should have been a son

She should've stayed away from friends She should've had more time to spend She should've died when she was born She should've worn the crown of thorns

She should have been a son She should have been a son She should have been a son She should have been a son
