

# Curmudgeon

Nirvana

I can handle  
Arm the mentor  
I love sad  
Until I'm home  
It's the season  
I'm all reason  
I have seeked and  
I have ghosts

She's at the seams  
She don't need  
She don't need  
She don't need  
At the seams  
And I'll seem  
End the seam  
She don't need  
At the seams

I'm a letter  
I'm a panda  
I said something  
In the guard

In the handle  
On the mantle  
I know Santa  
I met God

She's the seam  
She don't need  
She don't need  
Cheat on me  
She don't need  
At the seams  
At the seams  
At the seams  
She don't need

I'm a lady  
Can you save me  
It's the sulfur  
I have drunk

'Tis the season  
I'm all reason  
I have fleas and  
Run on home

She's the seam  
She don't need  
She don't need  
She don't need  
She don't need  
She don't need  
She don't need  
At the seams

At the seams  
Cheat on me
