

Do Re Mi

Nirvana

D

If I may

F#mi

If I might

B#mi **E**

lay me down weeping

If I say

What is like

I might be dreaming

If I may

What is right

So many time, see me heal

A **G** **B**

Those years in his vomit

A phrase from his pocket

And chains holding the wind, I won't be

Ref:

F#mi **D**

Dream

Do re mi

If I may

If I'm right

wake me up, see me

If I do

If I like

Find me how to see me

If I may

Cold as ice

I may, how to see me

Raised in his socket

It fades from his moment

A chase from his socket I will need

Ray

Dream

Do re mi

Do re mi

Do re mi

Do re mi

Wish me good

Wish me light

Break me down, see me

In your way

Just be quiet

Follow pain & bleed me

Yell or wail

And if I sigh

Sink me how, TV

If I may
And if I might
Gonna go, to Bleed

Praise in his pocket
Praise from his moment
A chase from his own in my tea

Ray

Dream

Rape Me
Don't rape me
Do re mi
Do re mi
Don't rape me
Do re mi
