Nirvana

Lesser God  
Lesser God  
Lesser God

You get, you get, you get, you get to me  
Holy is the time, it's such an easy way to go  
You get, you get, you get, you get to me  
Hide the struggle in the skin under a fingernail

Lesser God  
Lesser God  
Lesser God  
Lesser God, oh you're lonely

Waste your time by saving worthless gullibles  
Kill a politician and then wear his clothes  
This decade is the age of re-hashing  
Protest and then go to jail for trespassing

Two minutes  
Slow  
Slow  
Slow  
Slow
