

Spank Thru

Nirvana

A **G** **D**
There's a soft, pretentious mountain
Listen to the light of the trees
And all the flowers in the minor
And the birds fly happily
We're together once again my love
I need you back oh baby baby

D **A**
I can't explain just why
F **G**
we lost it from the start.

D **A**
Living without you girl,
F **G**
you only break my heart.

I can feel it! I can hold it!
I can bend it, I can shape it, I can mould it
I can kill it! I can taste it!
I can spank it! Beat it, masturbate it!

I been looking for day glow
Always hearing the same old
City boy won't you spank thru
I can make it do things
you wouldn't think it ever could

I can feel it! I can hold it!...

I been looking for day glow...

I've been looking for day glow
Always hearing the same old
Sticky beredom with a book
I can make it do things

You wouldn't think it ever
You wouldn't think it ever could
