

# Crazy Love

Nitro

Let me tell you a little story 'bout me and a girl  
Breaking all the rule in a fairytale world  
Do you know what I mean  
We were high school sweethearts so in love  
My everything from heaven above  
The angel in my dreams

Cause love turned into hate turned in to love  
Loving turned into fighting, little push n shove

Crazy, crazy, crazy love  
We never knew life was give and take  
Or push and shove  
Crazy, crazy, crazy love  
Just a couple of kinds in crazy love

We were crazy kids with a crazy dream  
I was only about 17  
I thought we had it all  
Many questions asked, many lies were told  
About everything , including the past  
Yeah, that's how the story goes

Cause love turned into hate turned in to love  
Hugging turned into slugging, little push n shove  
Love turned into hate turned in to love  
Whatever happened with the girl that fell in love

Crazy, crazy, crazy love  
We never knew life was give and take  
Or push and shove  
Crazy, crazy, crazy love  
Just a couple of kinds in crazy love

In crazy love, in crazy love  
Heaven sent my angel  
Making love all thru the night  
Never had that feeling, god it felt so right

Cause love turned into hate turned in to love  
Loving turned into fighting, little push n shove  
Love turned into hate turned in to love  
Whatever happened with the girl that fell in love

Crazy, crazy, crazy love  
We never knew life was give and take  
Or push and shove  
Crazy, crazy, crazy love  
Just a couple of kinds in crazy love
