

# I Want U

Nitro

Show me, show me what I want  
I wanna take you down and-a never come up  
Why don't you show me, show me what I need  
You know that you're the only girl who can make this boy bleed

You're the one, girl  
So hot, whatcha gonna do, I want you  
I'm gonna get you girl  
I'm gonna steal your heart away

I want you, I want you, my baby  
I want you, I want you  
I want you, yes a, yes a, yes I do

Shake me, take me, never stop  
Use me and abuse me, spin me like a top  
Why don't you do me, do me, do you wanna go  
Do I want your body, baby I think so

You're the one, girl  
So hot, whatcha gonna do, I want you  
I'm gonna get you girl  
I'm gonna steal your heart away

I want you, I want you, my baby  
I want you, I want you  
I want you, yes a, yes a, yes I do
