

Take Me

Nitro

If you wanna know just what you mean to me
Just dream a little dream
And you'll be my queen, girl you make me scream

Take me with you
Take me with you

I just want to know what's up and where it's at
Jus tell me where we're going
Cause you know I'll be coming in 5 seconds flat
If you wanna take me, take me where you wanna
Take me, take me anywhere will be alright
Just atke me baby, take me tonight

Take me with you, take me away
Take me with you, take me away, won't you

Take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me, take me away

Anywhere you want to go is good with me
Just tell me when and where
When we'll be leaving and that's where I'll be
If you wanna take me anythere'll be so fine
Just talk me baby, you blow my mind

Take me with you, take me away
Take me with you, take me away, won't you

Take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me, take me away

Take me

Won't you take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me with you
Anything you wanna do, I'll do it with you
Won't you take me, take me, take me away
