

## Grrr... To You

Nits

Take me to great lake Ontario  
Walk me to the lighthouse through the falling snow  
And I was loving you  
I was loving you  
I was loving you  
Ohh, I was loving  
I was loving  
Loving you

Take me to the river where the sirens sing  
Listen to the raindrops falling on their skin  
I was loving you  
I was loving you  
I was loving you  
Ohh, I was loving  
I was loving  
Loving you

Ohh, I was walking  
I was walking to  
I was walking to you  
And I was loving  
I was loving you  
I was loving you

Walk me through the snowflakes of a burning town  
And talk to me, talk to me when I'm falling down  
I was loving you  
I was loving you  
I was loving you  
I was loving  
I was loving  
Loving you

Take me to the zebra of Abbey Road  
Hide me in the pockets of your blue raincoat  
I was loving  
I was loving  
I was loving you

Grrr... to you
