

Moon Dog

Nits

Moon dog
Give me a fire
Give me a water
From your wishing well

Moon dog
Give me a rock
Give me a stone
From your home sweet home

Moon dog
Julie and John
What have you done
When the moon struck one

It's a dirty old road
In a dirty old town
It's a dirty old road
In a dirty old town

Moon dog
Give me rain
Give me shine
From your old coal mine

Moon dog
Sweet heart
Ferry man
When the moon struck one

It's a dirty old road
In a dirty old town
A dirty old road
In a dirty old town

It's a dirty old game
And I'm feeling ashamed
It's a dirty old game
And I'm feeling ashamed

Moon dog
Give me money
Give me honey
From your hollow tree

Moon dog
Give me a hand
Give me a love
From your broken heart
