

Mrs. Sunlight

Nits

Mrs. Sunlight is walking on the bright side
She's dreaming of the moonlight in her eyes
I wish I had fever
I wish I had smallpox or worse
Then I needed love and care
Of my sweet nurse

Mrs. Sunlight dances
Under the circumstances
She likes 'Rome was not built in one day'
Romances
Mrs. Sunlight - Soap
Is giving me a little hope
Climbing up the ladder of rope
Kissing the moon
Jumping the broom
Kissing the moon

Sundays in winter
Mondays of darkness
She got a fire inside her house
We look at the snowflakes
Outside the window
She turns the pages of a cookbook

Mr. Moonlight
Is living on the dark side
Driving through the red light
Looking for some money
I wish I had a shoulder to cry on
I wish I had raindrops in my eyes
I wish I had windows in my heart
