

Sister Rosa

Nits

Sister Sister Rosa
I'm not living like a nun
I flew a thousand miles to see you
I have to start where I've begun

You with that smile on your face
You cannot say what you mean
But you mean to say
That all of your dreams were blown away

Sister Sister Rosa
I'm falling on my knees
Jesus and Maria, forgive me please
Me with my soul in my hand
I walked into your sanctuary today
And all of my sins are blown away

You with that smile on your face
You cannot say what you mean
But you mean to say
That all of your dreams were blown away

Sister Sister Rosa
Now put your feet back on the ground
You're floating up in heaven
Won't you come down on your feet

How long
How long
Has this been going on
How long
Has this been going on
