

## Toe In The Water

Nits

You hear the birds in my italic forest  
I smell the roses in your cement garden  
You snow around  
Around my head tomorrow  
I rain upon  
Upon your feet in sorrow

Toe in the water  
Toe in the water

You walk on mud along a thirsty river  
I see the trees  
I hear the leaves that shiver  
The snowy owl will fly around your silence  
Today is light  
Tomorrow will be darkness

Toe in the water  
Toe in the water

Whisper something in my ear  
Words I cannot hear  
There's a hole in a tree  
And somebody's watching me  
Like a big Black Woodpecker  
A big Black Woodpecker

(Toe in the water)  
Toe in the water  
Toe in the water

The lake with circles  
Circles like a necklace  
I see your face, I see a million freckles  
My red spotted  
My red Spotted Flycatcher  
You drink the lake  
I eat a Lesser Whitethroat

Toe in the water  
River of dreams  
Toe in the water
