

## Backlash

Nitzer Ebb

we say eternal  
not true  
don't loosen up  
sucking out the ends  
don't loosen up  
stick it out 'till the end  
not true  
not true  
way down, don't look up  
you've been looking for more  
not now, don't look down  
you've been trying to get up  
way down, not now  
way down, not now  
don't look down, don't look up  
searching for more  
see what else is to see  
cracking it down  
load it all through your mind  
searching for more  
see what else is to see  
cracking it down  
load it all through your mind  
pick it up  
backlash  
way down, don't look up  
you've been looking for more  
not now, don't look down  
you've been trying to get up  
way down, not now  
way down, not now  
don't look down, don't look up  
you never find  
what you're looking for  
sleeping it off  
they came through your grip  
you never find  
what you're looking for  
sleeping it off  
they came through your grip  
get a grip
