

## Hearts and Minds

Nitzer Ebb

You, you, i saw you  
You, you, i saw you  
Could it, could it be heart  
Could it, could it be bone  
This body rapture  
This body rapture  
You're wrapped up tight  
You're wrapped up tight  
Your empty words  
Your empty soul  
Your empty words  
Your empty soul  
You're you, you, you  
I saw you  
You, you, you  
I saw you  
You with your heart  
You with your mind  
Hearts and minds  
Hearts and minds  
Never again, no never again  
Never again, no never again  
Bodies wrapped up tight  
Bodies wrapped up tight  
Is it tight enough for you  
Heart and bone  
Heart and bone  
This could be it  
This could be you  
This could be it  
This could be you  
Your body jerks  
Your body shakes  
Your body jerks  
Your body shakes  
You're you, you, you  
I saw you  
You, you, you  
I saw you  
This body rapture  
This body rapture  
Your empty words  
Your empty soul  
This could be it  
This could be you  
You're you, you  
I saw you  
You, you, i saw you  
You
