

## Lakeside Drive

Nitzer Ebb

Lakeside drive  
On a summers day  
Lakeside drive  
Nothing to say  
Lakeside drive  
Got a leave today  
Nothing, but nothing to keep me away

Old junk car with the windows down  
Ride it out to the right side of town  
Too hot to breathe, look see the people seethe  
I hope you know that I don't want to leave  
Lakeside drive  
On a summers day  
Lakeside drive  
Nothing to say  
Lakeside drive  
Got a leave today  
Nothing, but nothing to keep me away

Stick shift drive with one hand on the wheel  
No need to look because I know how you feel  
Roll of the street leaving the street behind  
Turn in the basement see what else we can find  
In the basement then it's the safest place  
In the basement then it's just my face  
Looking up at you as you're looking down on me  
Now this is the place where I know I want to be  
Looking up at you as you're looking down on me  
Now this is the place where I know I want to be

Lakeside drive  
On a summers day  
Lakeside drive  
Nothing to say  
Lakeside drive  
Got a leave today  
Nothing, but nothing to keep me away

Nothing to keep me away  
Nothing to keep me away  
On a summers day  
Got nothing to say
