## Lovesick

hey you jesu got a friend that fell in love with you sowing you up with those three good nights banging, necking with the neon lights i said hey you jesu got a friend that said i loved you too selling you after he had his fill breaking your neck with the damn brassiere you kept running around making all that sound in the city drone you know you're all alone get inside got to get inside get inside 'cause that's where we hide it love sick love sick love love sick sick love heal me mary on boulevards don't like what i see paid for cash to get what you need bi's too, the life of this street now hear me mary on boulevards in the family begging just to feed your kid got an eye shut that way you stay hid who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley sick love does love sick love sick love love sick sick love put your money away for another day don't have to crawl through the city scrawl get inside got to get inside get inside 'cause that's where we hide it love sick love sick love love sick sick sick love who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley sick love does who loves all the girls in the street or the boys up in the back alley
