Love, love, love, love
Love, love, love, love
Love, love, love, love
Love, love, love, love

Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
'Cause I'mma give it good to you, baby
I'mma give it good to you

It's about that time, 'bout to pull up on you
We got a lot of make-believin' to do (Lot of make-believin' to do!)
You was on my mind 'cause you drew me so wild
I can't even compare nobody to you
Hittin' from the side, dickin' in my spine
You can even fathom another way you can make love to me
Do it to you right, let me fuck it right
We can make a movie in here today, so let's get into it, baby

'Cause I got things I wanna do to you
And, boy, I can tell that you're feelin' me too

Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
'Cause I'mma give it good to you, baby
I'mma give it good to you

Since you got the time, won't you do what you do?
You know that I've been fiendin', waitin' on you
I love it when you tell me that it's mine
Do it one more time
I'll have you screamin' out love for me
I want you all over me
I'mma take my time, doin' what you like
We can [?] if you wanna, babe, [?] us, babe!
Hit it like it's mine, one more time
It's time for me to take over, babe
So let me take over, baby!

'Cause I got things I wanna do to you
And, boy, I can tell that you're feelin' me too

Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
Fuck me like you love me
'Cause I'mma give it good to you, baby
I'mma give it good to you

Love, love, love, love
Love, love, love, love
('Cause I'mma give it good to you, baby)
Love, love, love, love

(I'mma give it good to you)
Love, love, love, love
(Tell me that it's mine)
