Tell me, where you wanna be now?

Brimming with anticipation (That's right)
This year's summer time (Summer time)
Together, go with the flow
Unleash our imaginations
On a deserted island, feel tropical
Flowers and birds are colorful
To the horizon, it's just you and I
Just the two of us, let's get lost

When I'm with you, I got all I need (Feel the joy!)
Just wanna hug you tight
Time to celebrate
Cicadas are all around
Singing, singing, singing aloud
With a joyous heart

The season to start singing
It's just you and I
Can you feel this magic?
A situation I saw in a dream
The magical paradise is right here!
Only you in my eyes
Behind us is the blue sky
Let's drink together this year
The coconut is too big to drink alone

Coco-coco-coconut
So tell me, where do you wanna be?
Here, here, right here!
Let's drink the same coconut

Too hot, it's getting hard to keep my cool
Coconut juice to cool me down
Take a sip, I lo-lo-lo-lo-love it
I'll calm down, then I'll remember
Everything on the deserted island
I won't miss a single moment
If it's a dream, I don't want to wake up
Summer's magic, make it come true

The view before our eyes (Beautiful!)
Let's focus on view or you?
Now what? Now what?
Ringing, ringing bell in my heart
Swinging, swinging toward you
With a fluttering heart

The season to start singing
It's just you and I
Can you feel this magic?
A situation I saw in a dream
The magical paradise is right here!
Only you in my eyes
Behind us is the blue sky
Let's drink together this year
The coconut is too big to drink alone

This summer
I'll remember and replay-ey-ey
Make a wish upon a star
Hand in hand
Looking at the sunset
Feeling each other's warmth
Make it last forever

Can you feel this magic?
A situation I saw in a dream
The magical paradise is right here!
Only you in my eyes
Behind us is the blue sky
