□□□□! □□□□□□  
□□□□□□□□ □□ □□□□□□□□  
□□□□□□□□ □□□□□  
What do you want? (want)  
What do you need? (need)  
Anything, everything  
You tell me

Nothing, if it's a secret, nothing  
Something, I want to give you something special  
But what would be good? I want it to be a smile, but  
That thing I will track it down for you

Hey, hey, what do you see?  
What do you hear? Are you happy?  
Tell me everything

Ooh, I just wanna make you happy  
Ah! I want you to smile  
Your forgotten smile it's ok we'll bring it back  
When I see that smile, I'm truly happy  
What do you want? (want)  
What do you need? (need)  
Anything, everything  
You tell me

Gave me, a beautiful love, gave me  
Held me, held this little hand  
It's important I won't let you be alone  
Take me as I am I want to give you everything

A transparent heart  
My only card  
Don't forget, come be by my side

Ooh, I just wanna make you happy  
Ah! I want you to smile  
Your forgotten smile it's ok we'll bring it back  
When I see that smile, I'm truly happy  
What do you want? (want)  
What do you need? (need)  
Anything, everything  
You tell me

Tell me like OOH-AHH  
FANCY me do not  
Be ICY I'm so hot  
No good-bye, baby good-bye

Tell me like OOH-AHH  
FANCY me do not  
Be ICY I'm so hot  
No good-bye, baby good-bye

You give me peace of mind  
A place to rest and cuddle close  
Always a feeling full of light  
Dreaming together

A perfect, sweet melody  
A theory that really heals  
Put it on repeat, listen always, always  
You're my favorite song
