

Looking back I think of what I could've done different  
If you let me I'll show you, but that's just wishful thinking  
Say it's my fault that we're done for always disappearing  
I know I was gone and that you felt like something was missin'  
But I have my problems and you never wanted to listen  
And now you can't look at me, acting like you can't forgive me  
But I'm trying to make something out of myself  
Yeah you wanted me all to yourself, yeah you wanted me all to y  
ourself  
Wanted to have me whenever you please  
Like the books on your shelf, like the books on your shelf

Just cause I'm not right in front of you  
Don't mean I don't have the power to love you  
Just cause right now I can't touch you  
Don't mean I'm not sitting here wishing  
That I could be with you  
I could be with you, I could be with you  
Hold on, hold on, hold on, hold on, hold on, hold on  
I wish you could be here or I could be there  
I wish you could be here or I could be there

I know you spend a lot of time alone, all these missed calls on  
my phone  
And it's selfish of me to want you to be waiting when I get bac  
k home  
At the end of the day, it's you I wanna lay by  
With you at school, and me away, all we can do is try  
And learn some patience cause sooner or later, I get to see you  
and stay  
And I'd be lying to you if I said I didn't pray to see you each  
day  
I do, I do, I do, I do

Just cause I'm not right in front of you  
Don't mean I don't have the power to love you  
Just cause right now I can't touch you  
Don't mean I'm not sitting here wishing  
That I could be with you  
I could be with you, I could be with you  
Hold on, hold on, hold on, hold on, hold on, hold on  
I wish you could be here or I could be there  
I wish you could be here or I could be there
