

Lullabye

NJOMZA

Look at me like you don't know
Like you never met me at all
Acting like I wasn't there
Every single time you called
I'm not a stranger
Change your behavior
I know we lost some time
You were doing you
And I was doing mine
I wanna be with you

But you took a step
Grabbed the door
Walked right out
Lost the key
Nothing left
There's no more
Of what was you and me
Where'd you go
I don't know
Are we playing hide and seek
Cause I can't find you

Baby I'll be there to hold you
I'm the one that told you
You'd be okay
Baby I'm the one to hold you
I'm the one that told you
You'd be okay

I'm the only one that knows about your first kiss
I'm the girl you always told that you would never miss
Cause you'd be right here

But you took a step
Grabbed the door
Walked right out
Lost the key
Nothing left
There's no more
Of what was you and me
Where'd you go
I don't know
Are we playing hide and seek
Cause I can't find you

Baby I'll be there to hold you
I'm the one that told you
You'd be okay
Baby I'm the one to hold you
I'm the one that told you
You'd be okay
