

Mania Is Temporary

NJOMZA

I'm looking for a, looking for a way out
Giant distance traveled a long way now
To find your heaven, find you peace of mind (Hey-ey)
Hoping you know you go be good around me
I'm your baby you're my darling
Hope you know you go be good around me
I see ya, I see ya
Your love's so good to me
Mania, mania is temporary
I feel you, I feel you tell me you feel the same
So I decided, I need you here to stay
