

## Not Sorry

NJOMZA

Right now  
You could be right here  
I was always there  
Alright  
Guess we won't play fair  
You don't even care

Okay  
I'll do this your way  
Say that I won't change  
Then be acting brand new  
Okay  
I'll make the mistakes  
Always show up late  
And expect everything from you

Baby lately solo might be lookin' better for me  
You're not sorry  
Sorry  
Gave in, you gave up, and this don't feel like love  
If I'm leaving, I'm not sorry  
Sorry

I might  
Hit the freeway I could feel the breeze  
Top-down fuck around hit the scene  
'Cause I know that you been sleep (Sleepin' on me)  
Know someone want all of me  
And I'm not nobody's peace  
I'm the chaos, I'm the dream  
And I need someone in deep

Yeah, I know better  
I won't settle  
Goodbye is easy as hello  
I can learn to let you go

Baby lately solo might be lookin' better for me  
You're not sorry  
Sorry  
Gave in, you gave up, and this don't feel like love  
If I'm leaving, I'm not sorry  
Sorry
