

## not you

NJOMZA

How could I ever, ever try to replace you  
How could I ever, ever try to forget your love  
(Your love)

Acting out so insecure  
Can't you see we're so much more  
I find it strange that we're estranged  
Leaving me here open  
You're not the same  
We turn the page  
It's not the same story  
Where do we go now?  
Where do we go?  
How do we turn around?  
Deep down I know

That's not you  
That's not you  
That's not you

That's not you  
That's not you  
That's not you

Where do I start if I try to replace you  
No one comes close, makes it harder to regret you  
If you say you're leaving then I will be lost forever  
'Cause I've been the one that's been neglectful  
Sorry I took your love for granted  
But can we go back to the start  
And I'll make sure to protect your heart  
I know that you're mad  
Ready to pack, and make a move  
But how do I change your mind  
Deep down I know that's not you  
That's not you  
That's not you  
That's not you

That's not you  
That's not you  
That's not you

How could I ever, ever try to replace you  
How could I ever, ever try to forget your love  
Your love
