

## Outro

NJOMZA

Special, you're so fuckin' special  
Every time I feel it  
I don't wanna leave it (No, no, no, no)

But I can't run away with you  
All the ways you touch me, got me thinkin' 'bout it  
You know how I keep it true (True)  
Fuck me like you love me, I can't let you fall in  
I can't give my world to you  
Ain't nobody's problem, I got my own problems  
Baby, this ain't nothin' new  
I can't do that to you  
Just let it go, give me all of your love how you like for the night  
Ask for me to stay, but you know that I'm chasin' my time

I'm chasin' time away  
Chasin' time (All my life)  
Chasin' time away  
And I'm gone

You tryna make me jealous now  
You ain't gettin' your way, what a shame, now you actin' out  
Throw me all the blame for you pain  
All your sleepless nights  
Drinkin' me out your mind, gettin' high  
'Cause you can't take it no more (Mmm)  
But I don't think twice, I just move fast  
And I live life how I want to  
And I tell you all the whole truth  
Even when you don't wanna hear it  
So you keep that, all that fake shit  
Act like I lied, never told you  
I'm so far gone, you can't reach that  
It's not your fault I came

I can't run away with you  
All the ways you touch me, got me thinkin' 'bout it  
You know how I keep it true (True)  
Fuck me like you love me, I can't let you fall in  
I can't give my world to you  
Ain't nobody's problem, I got my own problems  
Baby, this ain't nothin' new (Nothin' new)  
I can't do that to you  
Just let it go, give me all of your love how you like for the night  
Ask for me to stay, but you know that I'm chasin' my time  
(Chasin' my time)

I'm chasin' time away  
Chasin' time (All my life)  
Chasin' time away (Ooh)

Time  
Time  
All around, all around  
(Think twice, I just move fast  
And I live life how I want to  
And I tell you all the whole truth)

Love, love, love  
(So you keep that, all that fake shit  
Never told you)  
Time
