

## talk about it

NJOMZA

Is that what they say, Is that what they say?  
You let them talk up my name  
You should have put them to shame  
We used to stay up till sunrise  
Talk about how they all fake  
They wanna know, tell em'!

Tell em' I'm fine, tell em' I got it great  
Go for what's mine, I just stay out the way  
They outta line and I ain't got time to waste  
Hate when I shine, tell em' that I won't change

Talk about it, talk about it, talk about it  
Same shit, same shit  
Tell em' about it, tell em' about it, tell em' about it, tell em' about it  
How we did it, how we did it, how we did it  
Same shit, same shit  
Same shit, same shit  
Talk about it, talk about it, talk about it

Tell them how I used to pick you up  
Take you out of that town you hate so much  
Smokin' on loud in my whip, doin' donuts in the lots  
We gave no fucks  
Listen to you cry when yo mama broke down  
Daddy wasn't there  
You ran my [?]  
Cause I was always on your side  
I was always down to run  
Never talked about my pride  
I was your ride

You saw me dream of this  
Those sign and [?]  
No [?] no [?] of this  
Never thought you'd be like this  
Now I miss all your calls  
No one but [?] all

Hate when I shine, tell em' that I won't change

Talk about it, talk about it, talk about it  
Same shit, same shit  
Tell em' about it, tell em' about it, tell em' about it, tell em' about it  
How we did it, how we did it, how we did it  
Same shit, same shit  
Same shit, same shit  
Talk about it, talk about it, talk about it

Talk about it, talk about it, talk about it  
Tell em' about it, tell em' about it, tell em' about it  
How we did it, how we did it, how we did it  
Tell em' about it

Tell em' fine, tell em' fine, tell em' fine  
They hate when I shine  
Go for what's mine

Tell em' fine
