

# Back Home

NK

I wanna go home  
I wanna go back home again  
I'm just tired to pretend  
That I'm all right  
Cause I wanna go home again  
Wanna go back home again  
I just wanna get back my family and my friends  
Coz I wanna go home again

Alone alone alone on my own  
I feel lonely lonely lonely  
Coz I wanna go back  
I just wanna go back

Home  
My homesickness syndrome  
It's killing me killing me killing me  
Coz I wanna go back  
I just wanna go back

I miss my home  
I miss my work  
I miss my ordinary life  
And morning coffee in the yard  
I miss such simple things so much  
I left so fast  
I left my past  
I left my memories and more  
I left my room that I adore  
I left my life

Pain  
In my soul  
Breaks my heart  
Makes me melancholic  
Cold  
I feel so cold  
I drown my sadness in alcohol and  
I'm alright maybe time  
Will heal my wounds  
Will heal my heartbreak  
I'm alright  
I'm alright  
I just wanna go back

I wanna go home  
I wanna go back home again  
I'm just tired to pretend  
That I'm all right  
Cause I wanna go home again  
Wanna go back home again  
I just wanna get back my family and my friends  
Coz I wanna go home again

Alone alone alone on my own  
I feel lonely lonely lonely  
Coz I wanna go back

I just owwww

Home, my homesickness syndrome  
It's killing me killing me killing me  
Coz I wanna go back  
I just wanna go back
