

AUTOMOBOOTY

NLE Choppa

Ayy, ayy

I'll eat a bitch ass if she got red hair
If she clean in between, I don't care
Like a hood bitch, long fingernails, nappy hair, yeah
Do it with a bonnet on 'til my toes curl
You look good on your feet but better on your knees
Worshipping my D, twerking while you ride me
She dickmatized
She said, "Come to me"
And I did it with my dumb ass, I need a plan B
I'm energized
She said, "You still hard"
Bitch, hurry up 'fore my shit get soft
If I get soft, grab my balls, jack me off
While you slop, slop, slop
Slop, slop, slop me down
Double dick, something like Fentanyl
'Cause she hit it one time, then the bitch passed out
You gotta wake up so you don't miss the Uber
New gang of bitches coming through, Hallelujah
I ain't finna lick 'em low, baby, I ain't Luda'
She can't suck dick, bring another ho to tutor
I'm always fly 'cause my main bitch a booster
And she a shooter, my side bitch cooler

Ayy, you doin' all that twerkin', yeah
Work, work, work like you know what you're workin'
Yeah, yeah, toot, toot, toot it and toot it
Wrist, wrist spinnin' like an automoboody, yeah
Can you do it, do it, do it on the dick, though?
Let me see you do it, do it on the dick, though
Come and do it, do it, do it on the dick, though
