Thug nigga
We trappin' in the moonlight (In the moonlight)
We get the bag on the same day, the same night
Don't talk on tap phones, you know the feds run devices
My mom my backbone, she stood by me wrong or right
Let me rewind this shit, gotta rewind that lick
I lost 'bout ten on that shit, I gotta go and get it back
Got 'bout forty on my wrist, I got 'bout two hoes on my dick
I know she seen me when I glisten, now she wanna take a pic'

It seems right, gun lights, the sunlight (Brr, brr)
One pipe, one life and a few stripes (A few stripes)
I changed my ways, my future brighter
it was scary, Michael Myers (It was scary, Michael Myers)
Feel entitled 'cause I want the title
take it from my rival (Take it from my rival)
Who feelin' my sorrow?
Pain in a bottle with desire
Look up to Rallo, I wanna own the hood I put on
Put on like cologne, I wanna show you you don't need a loan (Don't need a loan)
Throw my hood on, it's VLone, Amiri denims, dawg
And we done see a lot
A lotta killings on that block
And they left us in shock
Fuck medication I've been meditatn', facin' my problems (I been facin' my problems)
Police investigating, got another charge, ain't do nothin', hmm
I ain't never gon' lay down
I stand tall, two feet, ten toes (Ten toes)
I don't care what I go through
I'ma stay down, I never fold (I never fold)
They say I'm slept on, but I bet I wake up a dreamer though
She said she a squirter when I hit her she was creamin' though (Damn)

Makin' a livin' while makin' a killin'
It don't make no sense but shit that's how I get it
I'm the example of hard work, commitment
The head of my clique, to move they need permission
The plug for a lotta things, I'm the extension
Chords get struck, I got strikes for my chain gang, but muhfuck a prison
Niggas is stuck 'cause they ain't got intentions, boy, when you gon' get it?
To get it you gotta give a fuck the jealousy
All that resentment, the shit that you put out
Is only gon' come right back 'til you strengthen
To put this shit clearer, the world just a mirror
I'm up as I ever been, on an ascension, yeah
And I can't move iffy, the cameras go flicky
I roll with the blicky and I can't be trippin'
If I'm still alive that shit ain't no biggie
I am B-I-G, though, the king of my city
And my bitch so down, that she give me a kidney
Probably'll die for me, rather her live for me
Product of pain and look what it did to me
I ain't a killer but, nigga, I'll kill you
If it ever had to come down to them or me
Move in divinity
I give a fuck if you get it 'cause bitch it ain't no gettin' rid of me

Thug nigga

But you gon' tell a lie so you won't hurt my feelings, right?
