

Sideways

NLE Choppa

Some days wanna be yo bae
Some days wanna cut you off
Some days wanna block yo number
Some days wanna slut you out
You say you hate me sober
You say I'm so bipolar
I say I'm done with yo lil crazy ass
And still come over
Gas be too high
I pull up and you knew why
When I get there we too live
I'm all on yo side
So when I get there you ride
Ya when I get there you ride

Can you ride it sideways? (Can you ride it sideways?)
Sho' feel good to me (Sho' feel good to me)
So try for me, ride it' sideways (Can you ride it sideways?)
Can you ride it sideways? (Let me see it sideways)
Let me hit it sideways (Can you ride it sideways?)
Sho' feel good to me (Sho' feel good to me)
You thick as can be, I hit it sideways (Can't be ridin' sideways)
Let me hit it sideways (Let me see it sideways)

Some days wanna be yo nigga
Some days wanna kill the nigga that's with ya
Am I toxic for that?
Wanna crop him out the picture
Even though we got no strings attached
I know we more than that
I know we more than just a nut when we start gettin' stressed
Sideways, from the back
Missionary is the best
I wanna see yo face
When I'm diggin' deep in that
I fuck you right, I will
Like I'm off a pill
Tryna give you some to feel, feel, feel

Can you ride it sideways? (Can you ride it sideways?)
Sho' feel good to me (Sho' feel good to me)
So try for me, ride it' sideways (Can you ride it sideways?)
Can you ride it sideways? (Let me see it sideways)
Let me hit it sideways (Can you ride it sideways?)
Sho' feel good to me (Sho' feel good to me)
You thick as can be, I hit it sideways (Can't be ridin' sideways)
Let me hit it sideways (Let me see it sideways)
