NLE Choppa

Foot on they necks I be stompin' on niggas  
I ain't wearin' no vest I ain't duckin' no niggas  
I ain't runnin' from triggas  
I look down the barrel tell 'em pull it since he think really a killa  
He didn't like that 'til he pop him a jigga  
I see thru these bitches like Snapchat filters  
If I miss a target must've been dreamin'  
I never miss a shot when I'm tryna sic 'em

Born with this aim since I came out my mother  
I'm CJ McCollom when it hit the buzzer  
You can ask my brother how niggas turn into a gusher  
When I up the drake then I buss on my niggas  
Say fuck 'em, so you know it's fuck 'em  
I fucked 'em over then fucked on his lover  
I didn't use a rubber gotta feel when I cut her  
Say she love when I slut her but I'd never cuff her  
Nigga, no

Fly like Peter Pan, bitch you know been the man  
All black Batman, with my niggas Robin  
Gun got a wingspan, lay him down like he on a bean bag  
Shoot the whole crew where his team at  
Took 'em out the loop when I shoot  
In the coupe with the deuce deuce lettin' loose  
At your door, mailman  
Finger fuck the K, I seduce better duck like a goose  
When I'm out the roof shootin' like a mad man  
Say you caughta hat, where the body at  
When you find that motherfucker call me back  
Few attempts on my belt I ain't proud of that  
It was some tellin' me to double back  
And I been a body when been beating those  
Tell em free Tevo this shit TKO and you know how that go  
Me and my brother we murdership goals

I be stompin' on niggas  
I ain't wearin' no vest I ain't duckin no niggas

Never cuff her never wife her the only thing she get is pipe  
Told her that we got a date today but she getting dick tonight  
No it ain't right

She tellin' me she need me in her life but I want her friend  
Sheisty catchin' me without my pipe, unlikely  
Have you ever seen Mike without Ike?

Turnt it up a notch now I be gettin global bitches on my crotch  
Overseas and local  
Take a seat and watch me never lose yo' focus  
Told bro to spot me too much weight  
I'm loaded  
Which one you boys the boldest  
Reach for this charm you die while you posin'  
Reach for this chain you die in that motion  
Leave 'em stuck, hypnosis  
Took the pride he was holdin'  
Yuh, yuh  
Living the live that these rappers be  
Rappin' about

Let's take a lie detector see who cappin' now  
Graduated from the streets with a cap and gown  
First degree on my body count

Made bro recount get the right amount  
Last nigga he ratted he dead now
