

Stranded

NLT

V1:

Wanderin without a vision
You made it your mission
To rescue my heart
This blindfold
Girl I didn't notice
You put it in focus
Right from the start
But now we're going different ways
Control this road on your own
I got my direction from you
Girl you're my star
And now there's nothin I can say
To convince you not to leave me alone
How am I supposed to find my way in dark?

CHORUS:

I'm stuck in the middle of nowhere
Searching for a way to get home
Wish I could call
But we don't even talk anymore
Feels like I'm stranded all on my own
I am stranded stranded
Stranded stranded
Stranded stranded
Stranded stranded
(Feels like I'm stranded all on my own)

V2:

Girl just tell me
Why are you changing?
Going insane
Should've rang the alarm
It's like you faded away
And I'm begging you stay
Before I'm holdin a stranger
Here in my arms
But now we're going different ways
Control this road on your own
I got my direction from you
Girl you're my star
And now there's nothin I can say
To convince you not to leave me alone
How am I supposed to find my way in the dark?

Oh ooh ooh ooh (ooh)
Ooh ooh ooh ooh (ooh)

BRIDGE:

Now that you're gone
I've gotta learn
Make my way
I'm movin on
I'm leavin without you

Wanderin without a vision
Made it your mission

To rescue my heart
