

Back and Forth

Nneka

I have been around the world
I was searching for the one
For the one that that is right for me
I have come to understand
If I did not look for me
I would have never been able to see you

Cos I've been begging for the love of the world
But I would have never been at ease with the world if I lost my soul

As I go back and forth
It never would have worked for me
As I go back and forth
It never would have worked for me
As I go deeper and deeper
And I found myself tied up
As I go back and forth
Only you would work for me

Only you would work for me
Only you would work for me

I tried to blame the people for not loving me enough
But I didn't love myself at all
You see we tend to blame the people with a different point of view
Thinking that they should grow up
But it is we that's got the job to do
And I got some more work to do
And the beauty in it all is that everything's okay
Because I had to find my way

As I go back and forth
It never would have worked for me
As I go back and forth
It never would have worked for me
As I go deeper and deeper
And I found myself tied up
As I go back and forth
Only you would work for me

Only you would work for me
Only you would work for me

Back and forth, back and forth you're with me
Back and forth, back and forth you save me
Back and forth storms will come, you're with me
Back and forth, back and forth I stay

As I go back and forth
It never would have worked for me
As I go back and forth
It never would have worked for me
As I go deeper and deeper
And I found myself tied up
As I go back and forth
Only you would work for me
