

## Intro

Nneka

Comin from nowhere  
Comin to you

I see you from a distance  
I want to touch you  
I want to know you babe  
But you run away so fast

I try my best to please you babe  
But it ain't enough for you to see  
That I-I-I love you  
That I-I-I give to you my inner most  
My wheepin' heart  
The things I see

Oh world, this heat  
This will be my love for you, babe  
This will be my love for you  
Oh world  
Accept if you need to  
Accept if you need to  
Oh world  
This will be my love for you  
My love for you  
My boy, love you  
'Cause word is due  
To come on over you  
This will be my love for you
