

# This Life

Nneka

Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah

When this life does bring you down  
People all around but your friend's not around  
When this life goes wrong, people, oh, they lie  
When they look at you, ooh  
You're asking yourself why?

Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah  
Life, life, life, life, life, life  
Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah  
Life, life, life, life, life, life

When you are down, then  
Life take its toll now  
Those friends leave you  
Search for your soul now  
Don't ask no questions  
In me, you're whole now  
In me, you're whole now  
Did you find me?

When they leave you cold, naked in the rain  
You feel you ain't got nowhere to go, ooh  
Your God is not dead  
Give you life in death  
I will be your high  
High-high, higher high, high-high, high

Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah  
Life, life, life, life, life, life  
Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah  
Life, life, life, life, life, life

When you are down, then  
Life take its toll now  
Those friends leave you  
Search for your soul now  
Don't ask no questions  
In me, you're whole now  
In me, you're whole now  
Did you find me?

Did you find me?  
Search for me  
This in me  
Trust in me  
Did you find me?

Yeah-yeah, yeah-yeah  
(Search for me)  
Yeah-yeah, yeah-yeah

Life, life, life, life, life, life  
Yeah-yeah, yeah-yeah  
Yeah-yeah, yeah-yeah  
Life, life, life, life, life, life

When you are down, then  
Life take its toll now  
Those friends leave you  
Search for your soul now  
Don't ask no questions  
In me, you're whole now  
In me, you're whole now  
Did you find me?
