We know great things start small
And narrow parts are always rugged
In between those bridges, you find my love
Though it's hard to believe me
'Cause everything around you, confuses your mind
For you're stuck in the lie of your past

Oh deep down, beyond the surface of your humble heart
You long for my passion, you long for love

Baby, wouldn't you walk with me the long way?
Darling, wouldn't you take my hand? For I know not where to go
Oh, without you this world don't make no sense, for I'm stuck o
n your love
Baby, wouldn't you walk with me the long way?

Now see me, like a fool wandering in my own hell
Because I believe I can save this love
Tell me how far must I disregard my own pride, my own pride
To make you understand this love is for real

Oh deep down, beyond the surface of your humble heart
You long for my passion, you long for love

Baby, wouldn't you walk with me the long way?
Darling, wouldn't you take my hand? For I know not where to go
Oh, without you this world don't make no sense, for I'm stuck o
n your love
Baby wouldn't you walk with me the long way?

Baby, wouldn't you walk with me the long way?
Darling, wouldn't you take my hand? For I know not where to go
Oh, without you this world don't make no sense, for I'm stuck o
n your love
Baby, wouldn't you walk with me the long way?
Walk with me, walk with me, walk with me

Walk with me, wouldn't you walk with me?
Let us go the narrow and wretched ways together
In this life, baby please
