

Warrior

Nneka

Gods angels are warriors
Soldiers, rise up, stand up, get up
Warriors wake up, pick up ur sword
We can't let this go
On turn our backs and carry on,
No way we got 2 face this

What we fight against is not against
Flesh and blood but against principalities
And powers of darkness, in this world
This world made of good and bad,
Yes gods angels are warriors

Gods angels are warriors
Soldiers, rise up, stand up, get up
Warriors wake up, pick up ur sword
We can't let this go
On turn our backs and carry on,
No way we got 2 face this

A lot we experience in our world 2day,
Education not based on the truth but
Only aspects of the truth imposed on
Humanity 2 gain profit,
Even at hate point of a gun
Even 2 the state of a father
Killing his son, why

Gods angels are warriors
Soldiers, rise up, stand up, get up
Warriors wake up, pick up ur sword
We can't let this go
On turn our backs and carry on,
No way we got 2 face this

Get rid of our evil anxiety
Realize we got spiritual defficiency
See this world they baptise with jealousy
Why pay evil 4 evil
