

With You

Nneka

I don't know where you're at
And you don't know where I'll be
Cos we can see, where we're gone
We cannot go far to the places where we want to go, because we
believe in the things that we know from the past

We don't wanna go there if we're not with you
(Can't seem to find our way)
Cos every time we walk in the past, we know we're not with you
(Can't seem to find your way)

Oh lord, you're there, cos you've always been
Sometimes I don't know how to explain my mind, but I know that
I can always call on you
When I'm lost in the wilderness
Taking people with me, though I don't feel like doing that to t
hem
Cos I know without you

We don't wanna go there if we are not with you
(Can't seem to find our way)
Cos every time we walk in the past, we know we're not with you
(Can't seem to find your way)

(Can't seem to find my way)
(Can't seem to find my way)
(Can't seem to find your way)
(Can't seem to find our way)
(Can't seem to find my way)
(Can't seem to find my way)
(Can't seem to find your way...)

We don't wanna go there when I'm without you
Every time we walk in the past, we walk without you...
